

SMOOTH-EDGED SICKLE

VI2002

This smooth sickle is manufactured from tempered steel, designed for manual cutting and clearing of light vegetation. The smooth blade allows continuous and controlled cuts on grass and fine plants. Its curved shape supports a natural cutting motion, making it suitable for gardens, small plots and rural maintenance tasks.

Key features

- > Tempered steel blade for durability
- > Smooth edge for continuous cutting
- > Suitable for manual weed and grass cutting
- > Good control during operation
- > Robust design for regular outdoor use

Specifications

Dimensions	240 x 210 x 400 mm
Material	Hardened steel
Weight	0,27 kg

Variants

Reference	Dimensions	Material	Weight
