

BMC CASE FOR ANGLE GRINDER EGO VIBCBMCR

The functional and versatile BMC case from VITO allows two different appliances to be stored, but only one can be transported at a time. It was specially designed to meet the diverse needs of the user and allows you to carry either a Cordless angle grinder (VIBCRSFL20) or a brushless cordless angle grinder (VIBCRBSFL20), two batteries and a fast charger. The BMC case includes several compartments to organize all the necessary tools, being a great option for storage and transport in everyday life.

Key features

- > Compatible with VITO EGO grinders (VIBCRSFL20 and VIBCRBSFL20).
- > Holds two batteries and one fast charger.
- > Strong, impact-resistant construction.
- > Internal compartments for better organization.
- > Perfect for safe transport and practical storage.
- > Metal clasps.
