

## 100% PU RAINCOAT BLUE VIC100PUAL

Made from 100% polyurethane, this raincoat ensures resistance to water and wind, providing total waterproofing, even under demanding weather conditions in outdoor environments. Sealed seams reinforce the raincoat's seal, while the breathable back provides ventilation and prevents overheating. In addition, the raincoat is equipped with an adjustable external hood, a covered front zip fastening with snap fasteners, two front pockets with snap fasteners and adjustable cuffs. Along with its category I safety rating, the raincoat ensures greater safety and adjustability during use.
