

GREEN HIGH-VISIBILITY TROUSERS VICA40

The high visibility trousers are designed to ensure adequate visibility and functionality in high-risk working environments such as construction sites, roadworks, logistics and industrial maintenance. Made from 240 g/m² fabric with a composition of 65% polyester and 35% cotton, they offer durability and suitable comfort for prolonged use. Two reflective bands on the legs provide high visibility in low-light conditions, complying with EN ISO 20471 Class 2 requirements. They feature a front zip and button closure, open front and rear pockets, as well as side pockets with flap and hook-and-loop fastening for carrying tools and accessories. Suitable for professionals requiring certified and functional high visibility workwear.
