

HOSE REEL CART WITH GUIDE

VICEMG

VITO`s Hose Reel Cart with Guide is a solution for organising hoses, ideal for keeping outdoor spaces tidy and functional. This product stands out because it is equipped with a guide system with a crank handle that allows hoses to be organised more quickly and easily, optimising the user`s work and avoiding kinks. It also comes with an adapter that makes it possible to connect it to a tap. The reel, compatible with hoses up to 45 metres, has an adjustable telescopic handle that guarantees greater comfort and practicality when handling it. In addition, the two wheels make it easy to transport and move the equipment, even on uneven surfaces.

Key features
