

DRILL PRESS 350W - 13MM

VIEFC350

VITO's 350W Drill Press (VIEFC350) is ideal for precise drilling in metal, wood, plastics, etc, with a drilling capacity of up to 65mm. This model offers 5 adjustable speeds, with idle rotation between 620 and 2620rpm, allowing the user to adjust the speed according to the material being worked on. The work table can be tilted up to 45°, which allows you to drill at an angle, making it suitable for more specific jobs. The support base ensures stability and precision. For added safety, this device is equipped with a safety switch on the drill press head.

Key features

- > **Adjustable speed:** The 5-speed system (620 to 2620rpm) allows you to adjust the rotation according to the work to be done;
- > **Easier angled cuts:** The tiltable work table (-45°/0°/45°) offers greater flexibility, ideal for drilling at different angles and more demanding projects;
- > **Firm support base:** It provides a stable platform to work on;
- > **Precise drilling:** The adjustable depth stop ensures that holes can be drilled quickly and precisely, up to a maximum depth of 65mm.

Specifications

Chuck housing	B16
Chuck maximum capacity	13 mm
Distance between chuck and column	105 mm
Duty cycle	S2 (30) min
Maximum working height	300 mm
No-load Speed	620 - 2620 rpm
Rated power	350 W
Sound power level (LWA)	76 dB
Speeds	5
Steel drilling	65 mm
Support base dimensions	300 x 195 mm
Timing belt	K630 (x1)
V-belt cover with safety switch	Yes
Wood drilling	65 mm
Work surface dimensions	160 x 160 mm
Work surface tilt	45° / 0° / 45°
