

DRILL PRESS 550W - 16MM

VIEFC550

VITO's 550W Drill Press (VIEFC550) is ideal for precise drilling in metal, wood, plastics, etc, with a maximum drilling capacity of up to 65mm. With 12 adjustable speeds, ranging from 300 to 2550rpm, the user can adapt the rotation according to the work to be done, guaranteeing maximum efficiency in every drill. The -45°, 0° and 45° tiltable work table allows you to drill at different angles. For added safety, this device is equipped with a safety switch on the drill press head.

Key features

- > Adjustable speed: The 12-speed system (300 to 2550rpm) allows you to adjust the rotation according to the material;
- > Easier angled cuts: The tiltable work table (-45°/0°/45°) offers greater flexibility, ideal for drilling at different angles and more demanding projects;
- > Precise drilling: The adjustable depth stop ensures that holes can be drilled quickly and precisely, up to a maximum depth of 65mm;
- > Superior stability: The support base ensures stability during use, guaranteeing precision and safety with every drill.

Specifications

Chuck housing	B16
Chuck maximum capacity	16 mm
Distance between chuck and column	130 mm
Duty cycle	S2 (30) min
Maximum working height	515 mm
No-load Speed	300 - 2550 rpm
Rated power	550 W
Sound power level (LWA)	79 dB
Speeds	12
Steel drilling	65 mm
Support base dimensions	340 x 210 mm
Timing belt	O450E (x1) + O490E (x1)
V-belt cover with safety switch	Yes
Wood drilling	65 mm
Work surface dimensions	200 x 200 mm
Work surface tilt	45° / 0° / 45°
