

WET & DRY BENCH GRINDER 250W 150MM + 200MM VIESC150200

This appliance is equipped with two high quality grinding wheels for more efficient and accurate work. The first one has a thickness of 40 mm and a rotation speed of 140 rpm for perfect dry or wet finish of your workpiece. While the second one with 20 mm thickness reaches a rotation speed of 2950 rpm for a tough dry grinding. The combi angle grinder also features adjustable eye shields and tool rests for each type of task. Thanks to its 250W motor, the bench grinder ensures low noise levels and little vibration.

Key features

- > Allows dry or wet grinding;
- > Adjustable eye shield against sparks;
- > Work without noise and with little vibration.

Specifications

Dry grinding wheel hole diameter	12,7 mm
Dry grinding wheel outer diameter	150 mm
Dry grinding wheel thickness	20 mm
Duty cycle	S2 (30min)
Grit	G36/G80
Height	270 mm
Length	430 mm
No-load speed - dry grinding wheel	2950 rpm
No-load speed - wet grinding wheel	140 rpm
On/off switch	Yes - protected against dust
Packaging dimensions	270 mm
Product weight	8.898 kg
Rated power	250 W
Weight with packaging	9.671 kg
Wet grinding wheel hole diameter	20 mm
Wet grinding wheel outer diameter	200 mm
Wet grinding wheel thickness	40 mm
Width	270 mm
