

INVERTER GENERATOR 3000 VIGI3000

The VITO's Inverter Generator (VIGI3000) features a 4-stroke, 5.8 hp | 4.3 kW petrol combustion engine and has a 5-hour continuous running time. Its inverter technology makes the generator more efficient, keeping the electric current supplied stable and without oscillations. It is suitable for various types of uses, from home, garden, camping, caravans, among others. This equipment is silent and has electric start, 2 AC 230V sockets, a nominal power of 3.2 kW and a maximum power of 3.5 kW. Furthermore, it is equipped with oil level and current overload warning indicator lights. With a compact and portable design, the inverter generator has an aluminium handle and two wheels for safe transportation of the machine.
