

## PRESS DRILL 500 W - 13 MM

### VIMFC500A

500W drill press, has 5 speeds, a no-load speed of 500-2500rpm, a maximum working height of 260mm a distance of the chuck to the column of 100mm, an inclination of the working surface of 45° / 0° / 45°, has a steel drilling capacity of 25mm, wood drilling of 50mm, Satisfying all your needs in a professional way and with quality.

#### Key features

> Delivering 500W of power and having a maximum drill diameter of 13 mm, it has 5 speeds that allow between 500 and 2500 rpm. - Robust and reliable, it has an adjustable table up to 40° which increases its versatility and efficiency

#### Specifications

Chuck housing	<b>B16</b>
Chuck maximum capacity	<b>13 mm</b>
Depth stop	<b>Yes</b>
Dimensions	<b>440 x 190 x 615 mm</b>
Distance between chuck and column	<b>100 mm</b>
Duty cycle	<b>-</b>
Emergency stop switch	<b>Yes</b>
Maximum working height	<b>260 mm</b>
No-load Speed	<b>500 - 2500 rpm</b>
Packaging dimensions	<b>460 x 380 x 245 mm</b>
Product weight	<b>13,92 Kg</b>
Rated power	<b>500 W</b>
Sound power level (LWA)	<b>84 dB(A), k = 3</b>
Speeds	<b>5</b>
Steel drilling	<b>25 mm</b>
Support base dimensions	<b>190 x 295 mm</b>
Timing belt	<b>K26</b>
Weight with packaging	<b>15,16 Kg</b>
Wood drilling	<b>50 mm</b>
Work surface dimensions	<b>160 x 160 mm</b>
Work surface tilt	<b>45° / 0° / 45°</b>
