

TOOL BAG FOR MODULAR TOOL BOX VIMMSF

VITO`s Tool Bag for Modular Tool Box is a practical and functional transport solution that keeps your tools organised. Compatible with VITO`s modular tool boxes, this bag can be used independently or integrated into the modular set, providing maximum versatility to the user. With a variety of exterior and interior pockets, it allows you to store tools of different sizes, ensuring efficient organisation and quick identification of materials. Additionally, this bag is equipped with a rigid base, an adjustable padded shoulder strap, and ergonomic handles that promote comfortable and stable transport, making it ideal for frequent travel and intensive use.

Key features

- > Ample storage capacity, guaranteed by a variety of pockets and compartments;
- > Strength and stability reinforced by the rigid base;
- > Comfort ensured by the adjustable padded shoulder strap and ergonomic handles;
- > Compatible with VITO`s modular tool boxes, allowing you to create a complete and customised system.
