

HAND PALLET TRUCK 2,5 T VIPP25

The 2.5-ton manual pallet truck is engineered to deliver mobility, durability and high performance in warehouses, industrial environments and logistics operations. With a maximum lift of 200 mm, 1100 mm fork length and 540 mm fork width, it easily handles most standard Euro pallets. Nylon solid wheels ensure smooth movement, low rolling resistance and long service life. Its reinforced structure offers superior stability and safety when transporting heavy loads. An essential tool for daily material handling, ensuring efficiency and reliability.

Key features

- > 2.5-ton capacity with 200 mm lift height.
- > 550 x 1100 mm forks fit standard Euro pallets.
- > Nylon wheels for smooth and durable movement.
- > Reinforced frame for stability and safety.
- > Ideal for warehouses, industry and logistics.
- > Easy and ergonomic handling.
