

CUT-OFF SAW 2300W

VISC F355

The 2300W Metal Cutting Machine is the ideal choice for professional cuts with quality and precision. With a nominal power of 2300W and a rotation speed of 4000rpm, it ensures efficient performance even in demanding tasks. Equipped with a 355mm disc and a 25mm bore, it allows for robust and stable cuts. Additionally, the adjustable cutting angle (0-45°) provides greater flexibility for different types of work. The cutting depth limiter screw ensures greater precision and safety, while the quick clamping system improves stability and facilitates use. This model includes a 355mm metal cutting disc and a pair of replacement brushes, ensuring greater durability and prolonged efficiency. An essential tool for professionals who need power, quality, and versatility in their metal cutting projects.

Key features

- > Power of 2300W for high performance and efficient cuts.
- > Rotation speed of 4000rpm for maximum precision.
- > 355mm disc with a 25mm bore, ideal for robust cuts.
- > Adjustable cutting angle (0-45°) for greater versatility.
- > Cutting depth limiter screw for more safety and control.
- > Quick clamping, ensuring stability and ease of use.
- > Includes a 355mm metal cutting disc and a pair of replacement brushes.

Specifications

Blade diameter	355 mm
Blade hole diameter	25 mm
Cutting - Rectangular profile (0°)	120 x 130 mm
Cutting - Rectangular profile (45°)	120 x 105 mm
Cutting - Round profile (0°)	130 mm
Cutting - Round profile (45°)	130 mm
Cutting - Square profile (0°)	120 mm
Cutting - Square profile (45°)	105 mm
Cutting angle	0 - 45°
Depth limiting screw	Yes
No-load Speed	4000 rpm
Quick clamping	Yes
Sound power level (LWA)	105 dB(A), k = 3
Height	440 mm
Length	565 mm
Product weight	15.788 kg
Weight with packaging	17.506 kg
Width	335 mm
Rated power	2300 W
